Thatk you for ordering the STARFLIGHT unit! Your new STARFLIGHT unit is sure to meet your expectations with top-quality performance!
======

Unit: STARFLIGHT
Height: Two and a half scavengers
Weight: Two hippos

Your STARFLIGHT unit comes with:
-(10) scrolls
-(1) blindfold (blue)
-(1) blindfold (grey)
-(1) Dreamvisitor

Unpacking and rebooting

The STARFLIGHT unit is one of our most docile units, so you should encounter almost no trouble unpacking and rebooting your STARFLIGHT unit. However, we have included a few methods to help you safely remove and reboot your STARFLIGHT unit.

1. If a FATESPEAKER unit or SUNNY unit is available, place them near the package and have them call for the STARFLIGHT unit. Chances are, the STARFLIGHT unit will emerge shyly and attempt to confess his feelings of undying love for the FATESPEAKER unit or SUNNY unit. While the FATESPEAKER unit and SUNNY unit are responding, approach the STARFLIGHT unit from behind to access his mainframe to reboot.

2. Read aloud from a history or science scroll. The STARFLIGHT unit will excitedly erupt from the package an attempt to engage you in intellectual conversation. While he is lecturing you on the details of the War of SandWing Succession, approach the STARFLIGHT unit from behing to access his mainframe to reboot.

3. Have a WHIRLPOOL unit propose marriage to either a FATESPEAKER unit or a SUNNY unit. The STARFLIGHT unit will bravely break out of his package to face the WHIRLPOOL unit. While he is verbally assaulting the WHIRLPOOL unit, approach the STARFLIGHT unit from behind to access his mainframe to reboot.

For the safety of you and your new STARFLIGHT unit, we have included a list of which units the STARFLIGHT unit gets along best with, and a list of units that the STARFLIGHT unit must never been alone in the same room with.

FATESPEAKER unit
The FATESPEAKER unit and STARFLIGHT unit get along very well. The FATESPEAKER harbors feelings of love towards the STARFLIGHT unit, which the STARFLIGHT unit is oblivious of. If kept in eachother's company alone for a long enough period of time, the FATESPEAKER unit will eventually confess this to the STARFLIGHT unit. Keep in mind that unless the SUNNY unit has rejected the STARFLIGHT unit's love, the STARFLIGHT unit will reject the FATESPEAKER unit. The FATESPEAKER unit and STARFLIGHT unit will continue to be friends, but they will no longer feel comfortable alone together. If the STARFLIGHT unit has been rejected by the SUNNY unit, their relationship will blossom and the pair will be nearly inseperable.

SUNNY unit
The SUNNY unit and STARFLIGHT unit get along very well. The STARFLIGHT unit harbors feelings of love towards the SUNNY unit, which the SUNNY unit is oblivious of. If kept in eachother's company alone for a long enough period of time, the STARFLIGHT unit will eventually confess this to the SUNNY unit. The SUNNY unit thinks of the STARFLIGHT unit as a brother, and will initially reject him. However, if the STARFLIGHT unit is not exposed to the FATESPEAKER unit alone, the SUNNY unit's feelings may change over time if they are in each other's company regularly. During this period of time, the SUNNY unit and STARFLIGHT unit can not be alone together.

MORROWSEER unit
The STARFLIGHT unit is very inimidated by the MORROWSEER unit. The MORROWSEER unit often speaks to the STARFLIGHT unit scornfully and tells him how much of a disappointment he is to the NightWing tribe. If the MORROWSEER unit has previously encountered the FATESPEAKER unit, he may attempt to kill one of them, reasoning that there can only be one NightWing in the prophecy. The STARFLIGHT unit may attempt to prevent the MORROWSEER unit from leaving an uncomfortably hot room in an attempt to kill the MORROWSEER unit.

Hygiene and health
The STARFLIGHT has excellent hygiene habits, thought can suffer from lack of vitamin D and exercize. The owner of the STARFLIGHT unit must encourage the STARFLIGHT unit to get out of the house once in awhile. The STARFLIGHT unit will be more inclined to do so if a FATESPEAKER unit, SUNNY unit, CLAY unit, GLORY unit, or TSUNAMI unit accompanies him. Alternatively, the STARFLIGHT unit's scrolls can be confiscated until he completes his daily workout. A TSUNAMI unit will be more than willing to help with this particular endeavor. As your STARFLIGHT unit is blind, be sure to accompany him everywhere, or otherwise have a FATESPEAKER unit accompany him.

FAQ

My STARFLIGHT unit hasn't come out of his room or eaten for days! Is he sick?

No, your STARFLIGHT unit has simply become engrossed in a fascinating scroll. To lure him out, have a FATESPEAKER unit or SUNNY unit call for him.

My STARFLIGHT unit has been hoarding all of my school notes! How do I get them back?
You don't.

My STARFLIGHT unit suddenly shut down while a FATESPEAKER unit and a SUNNY unit were over and I can't turn him back on. What happened?
Most likely, the FATESPEAKER unit and SUNNY unit have both confessed their love to the STARFLIGHT unit. Your STARFLIGHT unit is simply unable to process this information correctly while turned on. Give your STARFLIGHT unit a week to turn himself back on. If more than ten days pass without the STARFLIGHT unit turning himself back on, call the manufacturing company for a replacement.

We hope you enjoy your new STARFLIGHT unit! Contact us with any questions or complains you may have!

Dear bageldragon145,

We suspect that a nearby DEATHBRINGER unit has sabotaged your STARFLIGHT unit's mainframe out of jealousy. Your GLORY unit has automatically shut herself down until the DEATHBRINGER unit learns to behave. For more information, refer to your GLORY unit's user's guide an manuel.

Sincerely,
WoF Units Co.

==========

Dear darksea14,

The GLORY unit and SCARLET unit are incredibly incompatible with eachother, as mention in both unit's user's guide and manuels. The GLORY unit attacked your SCARLET unit using her venomous fangs. Fang-caps should have been included in your GLORY unit's package, which can be applied to the GLORY unit's fangs to prevent further mishaps. A replacement SCARLET unit is on it's way now!

Sincerily,
WoF Units Co.

==========

Dear steelcrest24,

The SANDWING SISTERS set are all highly incompatible with each other, as was mentioned in each of the unit's user's guide and manuels. Most likely, the BLISTER unit and BURN unit attempted to kill each other in order to become the queen of the SANDWING unit line. We offer out sincerest apologies, and are sending replacement a replacement BLISTER unit and BURN unit.

Sincerely,
WoF Units Co.

==========

Dear silvercat600,

We regret to inform you that the SUNNYFLIGHT EGG unit is currently unavailable. You will have to order a CUSTOM MODEL unit if you wish for your SUNNY unit and STARFLIGHT unit to raise a SUNNYFLIGHT DRAGONET unit.

Sincerely,
WoF Units Co.

==========

Dear everyone else,

Your units are on there way! Please refer carefully to the included user's guide and manuel to fully enjoy the WoF Units experience!

Sincerely,
WoF Units Co.

When I ordered my DRAGONETS OF DESTINY units [including SUNNY, CLAY, GLORY, TSUNAMI, and STARFLIGHT units], I that I had been sent a DEATHBRINGER unit instead! I think would like my money back...All the unit does is run away! And I'm not about to waste even more money trying to buy a GLORY unit and hoping that the company gets my order right.

Dear WOFunit company,

I accidentally left my MAGNIFICENT unit from my FORMER RAINWING QUEENS set with my GLORY unit. When I returned, the GLORY unit was behaving in an aggressive manner toward the MAGNIFICENT unit, and the MAGNIFICENT unit was behaving in a superior manner toward the GLORY unit. Advice? It should be noted that a SILVER unit, my sole SLOTH unit, was in the room at the time and seemed to be distressed when I returned.

Dear WOF Units Co., (or, to whom it may concern,)

My STARFLIGHT unit is not as lively as he used to be. I've tried buying him new scrolls, reading to him, and I've let my other units from the DRAGONETS OF DESTINY UNIT SET interact with him, and nothing seems to cheer him up. I've even let him see my FATESPEAKER unit. He won't talk to me, and is eating less and less. What should I do?
